

Special Meeting of The Historic District Commission
July 12, 2012
7:00 p.m.

Present: David Spencer, Jason McGarry, Gail Bruhn, Brian Blanc and Grant Meitzler

The meeting convened at 7:00 p.m. in the Town Hall to discuss the revised plans for the Dodd Road Bridge replacement. The revised plans showed a bridge essentially the same as the existing bridge, with the same type of side guardrails, which will be longer at each end in order to meet current standards. In addition, the concrete head walls will be one foot wider, with grading to prevent water accumulation. The plans shown earlier with simulated stone and wire rails will not be used, and will result in a considerable monetary savings.

The meeting adjourned at 7:30 p.m.

Respectfully submitted,

Gail Bruhn
Chair
